To Whom it May Concern:

I am a concerned citizen. It is obvious something needs to be done about the Asian Carp before they get into the Great Lakes, if they have not already.

They have demonstrated how destructive they are to the natural balance of our waterways. If they were to take over the Great Lakes it would be a great travesty and the beginning of the end of our Great Lakes as we know them. Please help save the Great Lakes!!

Sincerely,

Barbara Ujka
