Living on western Lake Erie, I pray that hydrological separation of the Great Lakes from the Mississippi is implemented soon, otherwise the contamination of this voracious species will forever kill the worlds greatest fresh water lake system.

What will ultimately be the real catastrophe is knowing what should be done, knowing how to do it, but failing to act. This is what hurts and angers me the most about being a U.S. citizen and taxpayer.

For God Sakes...Save the Great Lakes from this terrible species.
