US Army Corps of Engineers®

Dear Northern Michigan representative,

In this document are the names of more than 700 citizens that submitted their online signatures for the Fight for Northern Michigan. By adding their name, each of these people wanted to let you know that they agree with the following two statements,

- To State of Michigan legislators: "We must fully fund the Pure Michigan tourism promotion campaign at the $30 million level. This program produces an immediate 200% return on investment and is critical to the life of our economy."
- To legislators in Washington, D.C.: "The Chicago Shipping Locks must be closed to prevent the invasion of the Asian carp into the Great Lakes. By not closing the locks, you are putting a $7 billion Michigan fishing industry in peril."

We hope that this evidence will help you in your fight for these two issues.

Thank you very much,

The Traverse City Area Chamber of Commerce
