Please, Please, PLEASE do what is needed to eradicate the scourge of Asian Carp. They are a detriment to every fishery where they appear. One may say that it doesn't matter, or doesn't effect them if a fishery is damaged but EVERYONE in the area is a stakeholder as these local Greta Lake (and Other) fisheries rely on angling and the Angling Community to pump much needed funds into local communities. With the fishermen/women come their \$\$\$ MONEY for things like local merchants, lodging, food and other necessary items. Please keep this in mind and vote to eradicate this horribly invasive species.

Thank you for your consideration on this matter.
