Mr Wethington,

Mr Zaborowski,

I would like to strongly encourage the Corps to adhere to the Congressional authority to 'prevent' the spread of aquatic nuisance species between the Great Lakes and the Mississippi River Basin and accelerate the timeline for completion of the GLMRIS and prioritize the CAWS portion of the GLMRIS.

You have an opportunity here to do the right thing and accelerate the study to prevent the spread of Asian carp and not prolong action until it is too late.

Thank you for the opportunity to comment.

Regards,
Jacob Cramer
