As boaters on Lake Michigan and the rivers which feed into the lake, we have two main concerns -

1.) Keep the carp out - we don't want them to ruin fishing on the lake and pose safety hazards to boaters,

2) Somehow, we need to allow sport boaters to continue to go in and out of the rivers which have many of the marinas which house our boats. They need continued lake access to stay in business.

We are following these developments closely and keeping our members informed about your progress.

We have over 75 Yacht and boat clubs on the Lake and Rivers and hundreds of active members.

Thank you for coming to Milwaukee for our input.
