My back yard IS Lake Erie. I have lived on the lake at this address for 40 years and have witnessed major water issues over the years such as factory and farm pollution, general phosphate trouble, zebra mussel infestation, and toxic fish kill. I strongly urge you to STOP Asian Carp NOW while we still can. A 5 year study is WAY too long. We need ACTION NOW. I love the lake, but I hate unwarranted delay. In this case delay means failure. In this case closing the gates after the fact will be useless.
