I grew up on Lake Huron. We never ever had to worry what was in the lake. We swam, fished and even drank the lake water as it was. Even to this day we do all the above things. But these asian carp invaders. We wont be able to swim safely in the lake anymore. We just had a cormorant problem, zebra mussel problem and now asian carp. Do something now!!!! Listen to the people that live in the lakes and rivers. Get up off your asses and listen to the people. We know and we need your help. Protect our environment and the people.
