My biggest concern is the lack of immediate action will cause a complete collapse of the Great Lakes eco system. My love for salmon fishing on the Great Lakes spans several decades. You must do all and everything possible to block the advancement of Asian Carp into Lake Michigan now. The collapse of salmon fishing in Lake Michigan would be a crushing blow to my charter fishing business. This is my only income and at the age of 64 and I expect to loose everything I have worked for my whole life. Please Help!!

Respectfully

James Hirt
