I am a tour boat captain in Milwaukee. This is my lively hood you are taking 5 years to determine the fate of. The Great Lakes are already the laughing stock of our american coastlines dont allow this fish to put insult to injury. I want you to:

- 1.Study only solutions that will completely prevent the movement of invasive species between the Great Lakes and Mississippi River, and
- 2.Provide answers for the Chicago portion of the study within 18 months.
