Clear and concise....

You do NOT need until 2015 to figure out how to mitigate the damage from the Asian carp. Your charge is to eliminate them as a threat to the Great Lakes. FIX IT ....BEFORE they enter the system. Don't be the typical government agency and slow-moving bureaucracy. Step-up and do it right for your eco-system. Do NOT allow this fish to get any further. I am a resident of the St. Lawrence River in the 1000 Islands. I have lived through Zebra Mussels and now gobies. Stop allowing foreign ships to pollute (forever) OUR waters. Stop reading and get moving!
