Required reading for all should be Jeff Alexander's "Pandora's Locks". This books enlightens all to Act Now or pay the price. We who live on the St. Lawrence River are paying the prices for the inactivity of the EPA, US Coast Guard and many others who choose to ignore the signs of invasive species. Please act NOW to prevent the Asian Carp from becoming our next nightmare. Time will tell the damages from our most current invasive species - Round Gobies, but we can tell you that the fishing is not what it used to be.
